CARRER OBJECTIVE

To use my software engineering and problem-solving skills to create innovative and efficient solutions. I aim to deliver high-quality software and work collaboratively to achieve successful project outcomes.

Education

B.E. Computer Science and Engineering

Kongu Engineering College, Erode

2022 – 2026 | **CGPA** : 8.40

Higher Secondary Education (HSC)

Blue Bird Higher Secondary School

2021-2022 | **Percentage**: 91.6%

Secondary Education (SSLC)

Government Higher Secondary School

2019-2020 | **Percentage**: 86.2%

Skills

Languages: C | Java | Python

Frameworks: React | Spring Boot

Frontend: JavaScript | HTML | CSS | Thymeleaf

Backend: Node.js | Express.js | Flask

Database: MySQL | PostgreSQL | MongoDB

Tools: GitHub | Git | VSCode | Postman

Soft Skills: Time Management | Adaptability

| Leadership | Communication | Teamwork

ACHIEVEMENT

- MongoDB Certified Associate Developer
- **1st Prize** in Hacknovate'24 at Kongu Engineering College for a placement solution project.
- **2nd Prize** in Project Presentation at IDEALOGY 2024, KEC for Smart Glass.
- **2nd Prize** in Project Presentation at COGNISANCE 2024, KEC for Smart Glass.

Projects

LibraSync

React | Firebase | Tailwind CSS | QR Code Scanner

- Developed a library management system for seamless book borrowing and returns.
- Integrated QR Code scanning for quick book verification and authentication.
- Improved efficiency by reducing manual efforts through an automated system.

Placematics

Spring Boot | MySQL | Thymeleaf | HTML | CSS

- Built a placement portal for students to connect with recruiters efficiently.
- Designed a structured database for job applications and student profiles.
- Implemented authentication and role-based access for students and recruiters.

ReSellify

Flask | MySQL | HTML | CSS |

- Created a local marketplace for buying and selling pre-owned items.
- Developed a user-friendly interface for easy product listings and secure transactions.
- Ensured safe transactions with user authentication and verification features.

AREAS OF INTEREST

- Full Stack Development
- Database Management
- Backend logic
- Problem-Solving

Experience

- Developed a comprehensive placement portal at a 24-hour hackathon that streamlined recruiter-student connections through an intuitive interface and role-based access system.
